

Artist Collective Troupe

INTO THE WOODS

Callback Information

This PDF contains all the information for callback material and how callbacks will be posted. Please read thoroughly and feel free to begin familiarizing yourself with the callback material.

How will I know if I got a callback?

Callbacks will be posted on our website at www.artistcollectivetroupe.org/callbacks overnight after auditions. You will know if you've received a callback(s) by locating which role(s) your AUDITION NUMBER appears next to.

***Please note:** We will not be individually notifying anyone if they have received a callback! The only place you can find out if you've received a callback is on our website. Don't miss your chance at being cast by not checking the callback list or forgetting your audition number!*

When are callbacks?

Callbacks will be held at Good Shepherd Lutheran Church from 5:00-9:00 PM on Thursday May 25. If you've received a callback, please plan on arriving at 5:00 and staying the whole time; we will dismiss periodically as we go.

What will I be doing at callbacks?

A short dance call, reading sides, and singing selections of songs for the character(s) you've been called back for. This PDF contains all of the song selections so you can familiarize yourself in advance; all other callback material will be provided day-of only. If you receive callbacks for multiple roles, please be prepared to sing the selections for all of these roles at the callback audition.

PLEASE NOTE:

Try to memorize your songs! If you absolutely need the sheet music, you must provide it yourself; we will not have print-outs of the music at the callback audition.

Also note that getting a callback does not necessarily guarantee you will be cast in the show.

Callback Songs

Here are the callback songs for each character we will be doing vocal callbacks for. (There are a handful of characters we will only be calling back to read lines). If you received a callback for a character with multiple songs, be prepared to do ALL of this character's songs - you aren't just choosing your favorite one. Please note: These are not the instrumentals we'll be using in the show, they are just here for auditions.

BAKER

1. "No More"
